## GLEE

Entering its sixth season, GLEE is a musical comedy about a group of ambitious and talented young adults in search of strength, acceptance and, ultimately, their voice.

Over the last five years, the series has followed a dynamic group of high school students from the halls of McKinley to the mean streets of New York City, as they embarked on life after high school. Next season, the show will follow New Directions' original star RACHEL BERRY (Golden Globe Award nominee Lea Michele), as she takes the next steps in her career, focusing on the bright future ahead for this talented glee club alumnus.

Since its debut, GLEE has become a bona fide cultural phenomenon, received prestigious honors, including a Golden Globe Award and a Peabody Award, and singlehandedly made glee clubs cool again. The series boasts critical acclaim, a die-hard fan base, two Grammy Award nominations, two platinum and five gold albums, more than 53 million songs and more than 13 million albums sold worldwide, two sold-out concert tours, a 3-D movie and four Emmy Awards and three Golden Globes, including the award for Best Television Series – Comedy or Musical. The series reached its milestone 100<sup>th</sup> episode this past season with a memorable rendition of the hit that put the show on the map, "Don't Stop Believin'."

GLEE has attracted A-list guest stars, including Gwyneth Paltrow, Kate Hudson, Sarah Jessica Parker, Shirley MacLaine, John Stamos, Kristin Chenoweth, Olivia Newton-John, Britney Spears, Neil Patrick Harris, Peter Facinelli, Demi Lovato and Adam Lambert, among many others.

GLEE is produced by Ryan Murphy Television in association with 20<sup>th</sup> Century Fox Television. Ryan Murphy, Brad Falchuk and Ian Brennan are co-creators of the series. Murphy, Falchuk, Brennan and Dante Di Loreto serve as executive producers.
