SLEEPY HOLLOW

SLEEPY HOLLOW returns this fall with all-new mysteries and adventures, as the series' heroic duo of ICHABOD CRANE (Tom Mison) and ABBIE MILLS (Nicole Beharie) fends off the forces of evil to save not only their town, but the world.

Picking up immediately after the spellbinding events of the Season One finale, Ichabod finds himself buried alive in a coffin; Abbie is trapped in purgatory; Ichabod's wife, KATRINA (Katia Winter), has been kidnapped by the Headless Horseman; Capt. FRANK IRVING (Orlando Jones) is behind bars for a murder he did not commit; and Abbie's sister, JENNY (Lyndie Greenwood), is among the wreckage of a horrific car crash.

These events were due in large part to the shocking revelation that HENRY PARISH (John Noble), the trusted friend of Ichabod and Abbie, is actually Ichabod and Katrina's son and the Second Horseman of the Apocalypse. Now, with Henry's emergence as the Horseman of War, alongside the Headless Horseman, Sleepy Hollow has never been so close to destruction.

An immediate hit with fans and critics, SLEEPY HOLLOW debuted to more than 10 million viewers, making it FOX's highest-rated fall drama premiere since "Dark Angel" in the Fall of 2000. After only three episodes had aired, the series became the first show of the season to be renewed. SLEEPY HOLLOW finished its freshman run as the No. 2 new drama on all of television.

The premiere season of SLEEPY HOLLOW introduced viewers to a resurrected Ichabod, pulled two and a half centuries through time to unravel a mystery that dates back to the founding fathers. Revived alongside Ichabod was the infamous Headless Horseman who embarked upon a murderous rampage in present-day Sleepy Hollow and, to Ichabod's horror, was the first of many horrors to seep into the town.

Ichabod teamed up with Abbie, a "leftenant" on the police force, and the two embarked on a magic-infused mission to stop the evil that awoke along with Ichabod. With the help of Captain Irving and Abbie's estranged sister, Jenny, the pair battled witches, demons, plagues, Acolytes, the Sandman, a haunted house, the Golem, Moloch and now, as Season Two begins, they're in a battle for their lives. Nothing is as it seems in this fantastical world of mythology, death-defying romance, untold history, signature "Crane" humor, hair-raising evil and, perhaps, much-needed redemption and hope.

SLEEPY HOLLOW is from K/O Paper Products in association with 20th Century Fox Television. The series is created by Alex Kurtzman, Roberto Orci, Phillip Iscove and Len Wiseman. The series is executive-produced by Kurtzman, Orci, Wiseman, Mark Goffman, Heather Kadin and Ken Olin.
